# NFL Events Hub

One events platform for the league, clubs and international markets — built on Adobe, integrated with NFL systems

**BUILD & PUBLISH** **Club & league authors** Document Authoring / Universal Editor | **Developers** GitHub · JavaScript & CSS blocks | **Preview → Live** in seconds

**Seconds**
from author to live — no release cycle

**One platform**
league, club & international events

**Zero**
fan data stored by the middleware

**Launch-day ready**
edge-cached pages at peak traffic

Adobe — experience & engagement • AWS — secure API layer • NFL — identity, registration & ticketing systems of record
